26 March 1954

~~CONFIDENTIAL~~

MEMORANDUM FOR: DD/P-Admin.

SUBJECT : Classification of [] as an Emergency Area.

25X1A

REFERENCE : Memorandum from Chief, [] to DD/P-Admin. dated 24 March 1954, subject: Storage of Household Effects.

25X1A

1. You have asked for our comments on the reference before making the ruling therein requested. The classification [] as an emergency area was made pursuant to Paragraph 12c of [] which reads as follows:

25X1A
25X1A

"Areas currently designated as emergency are the countries of all areas excepting the Western Hemisphere and Western Europe areas."

25X1A

[] was apparently so classified because until 1 March 1954 it was under the jurisdictional command of SE Division. However, effective as of that date, we understand this post was transferred to the jurisdiction of WE Division.
